“THE MAGAZINE REACHES ALL ASPECTS OF THE GLOBAL COMMODITIES MARKETPLACE THROUGH PARTNERSHIPS WITH INDUSTRY LEADERS AND PROFESSIONALS.”

As a monthly private publication the magazine is designed to cater to the needs and necessities of companies and individuals involved in all aspects of the commodities industry; everything from precious metals and stones, energy, agriculture and the environment. The magazine serves to inform, educate and give insight on the Middle Eastern commodity industry to governments, companies, suppliers, traders and individuals.

The magazine’s purpose is to address the fact that there is no collective way for industry players to reach their clients and partners; through Middle East Commodities, their business becomes more transparent and accessible. Middle East Commodities has a circulation of 5000 copies hand delivered directly to decision makers (BPA audit applied for March 2008).
